September 15, 2014

Dear Parents/Guardians,

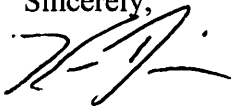

White Pine Academy is required by 40 CFR 763.80 to have an asbestos management plan for our school.

This is known as the AHERA Program. Our building was inspected as required and approved by the State of Michigan at the time building was constructed.

One (1) copy of this plan is on file, in the Principals office. This plan is available for review by any person(s) that has an interest in such, during normal business hours. Personal copies of plans will be made available within seven (7) working days upon written request at the cost of fifty (.50) cents per page.

Should any questions arise in regard to our AHERA Program, please contact Michaeline Meredith, our AHERA Designated Person.

Sincerely,

Keven Numinen, Principal
White Pine Academy
